

March 1, 1988

LB 933, 984

amendment simply is intended for clarification. The amendments have been suggested by the Nebraska Association of County Officials and would, for the most part, conform the uniform act language to existing peculiarities in Nebraska law. The amendments will also adjust the fee for a certificate issued by the register of deeds from \$1 to \$1.50, and finally provide a register of deeds and the employees with an exemption from personal liability rising out of providing information, except in cases of willful misconduct. I would urge you to adopt the amendment.
